

A decorative banner for February 2026. The word "Februar" is written in a large, dark gray, sans-serif font. The letter "F" is partially cut off on the left. The year "2026" is positioned above the "U" in a smaller, dark gray font. The banner is adorned with numerous pink hearts of varying sizes, some with black outlines, scattered across the letters and connecting them with thin purple lines. The background is white.

# FREEDOM To READ WEEK

## Instructions

Start at the green arrow.

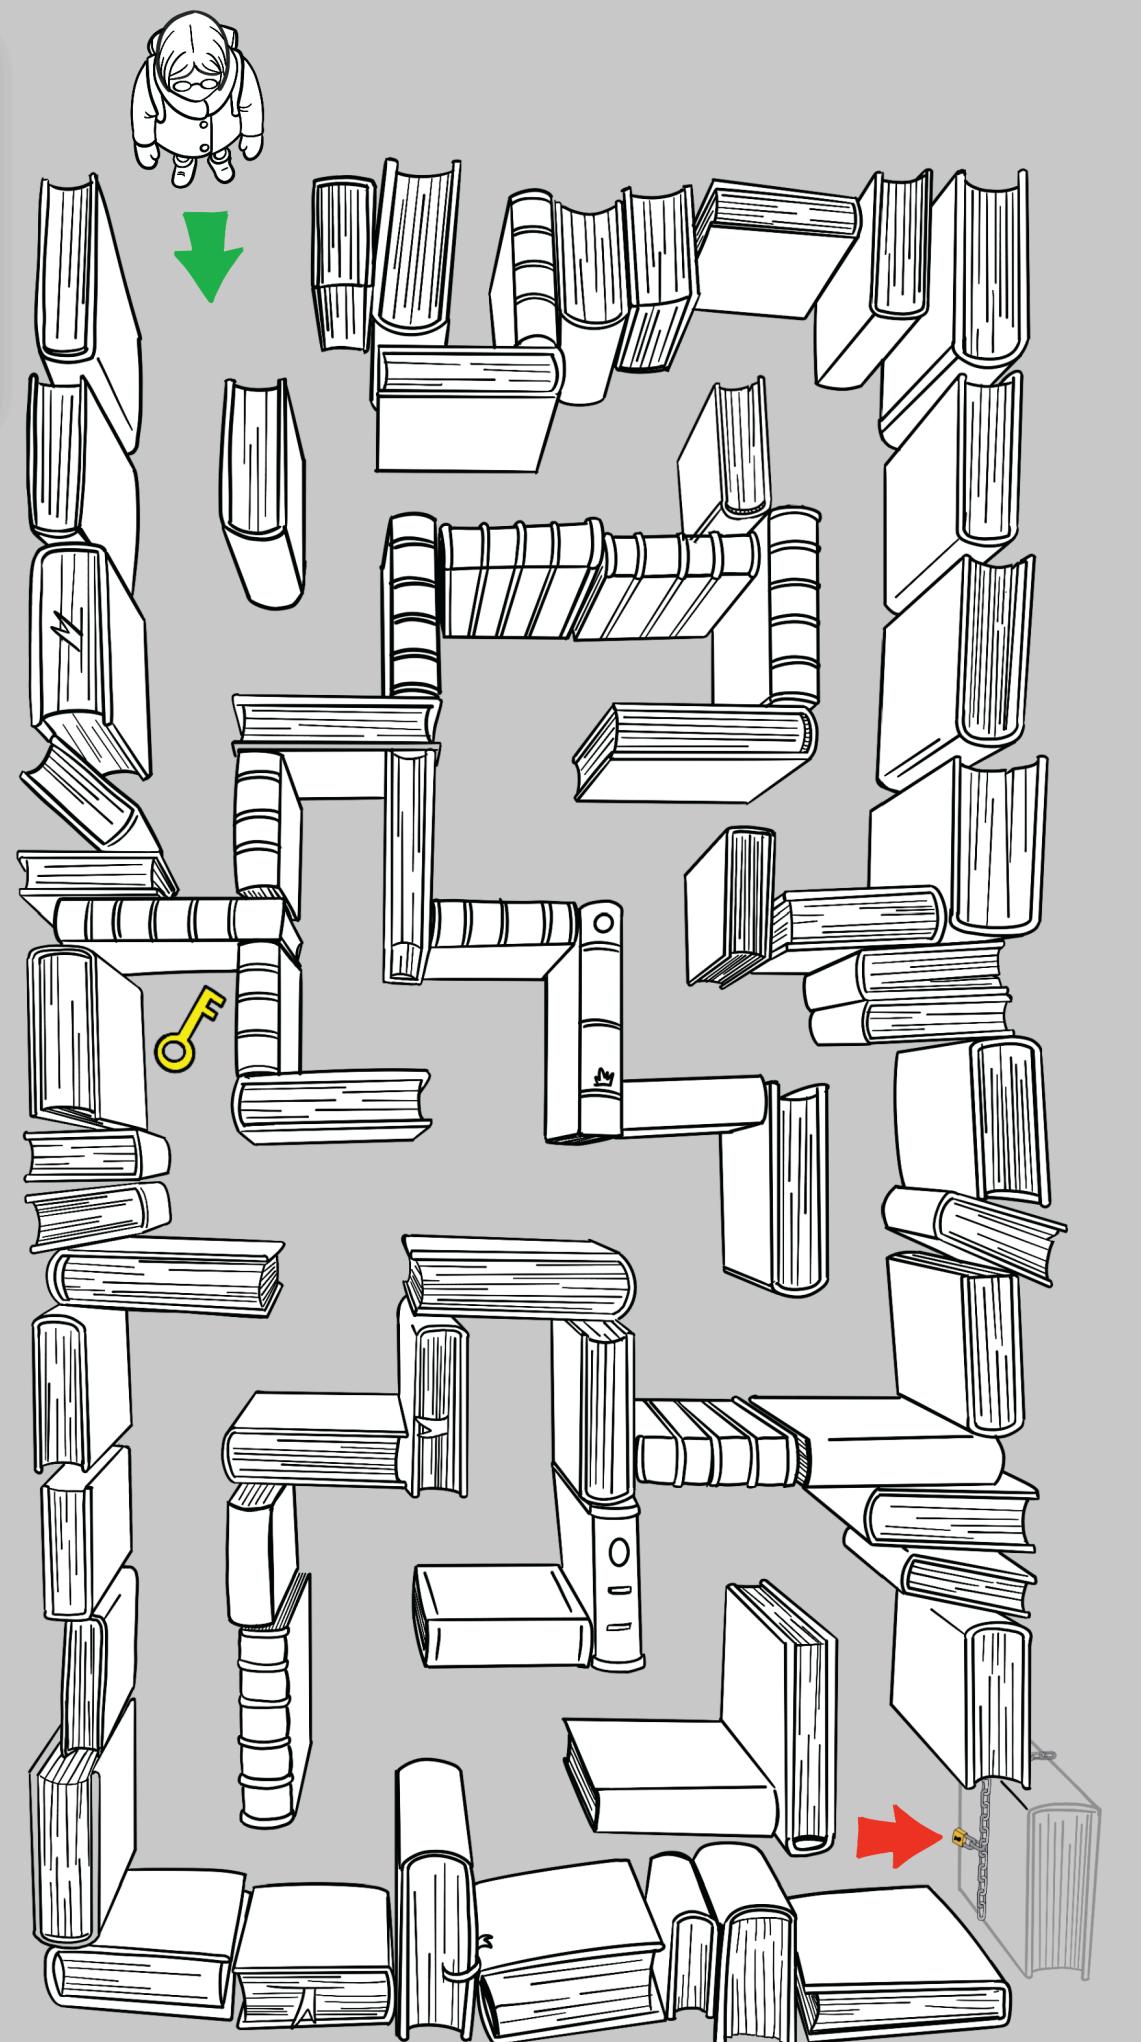

Follow the paths through the maze. You can only move where there is an open path between the books.

Look carefully for the key. When you find it, circle it.

After you circle the key, keep going through the maze until you reach the red arrow.

If you hit a dead end, turn around and try a different path.

Take your time, think carefully, and have fun finding your way!
