So, who can participate in Summer Reading?

- Anyone can participate! The Summer Reading Program is open to all ages.
- There is also a Summer Reading Challenge for adults at the library.

How it works:

- Ages 7 and under, every time you read a book, write it down on your tracking sheet.
- Ages 8 and up, record every 15 minutes that you read.
- Once your tracking sheet is full (10 entries), bring it to the library for 1 ballot.
- Receive one ballot for every completed logbook.
- At the end of summer (August 31), there will be a draw for 3 prizes!
- **BONUS** If you go to one of our StoryWalks, you get to count that as one entry on your tracking sheet!
